MILOSWHOLEWORLD.COM

Our collection of gourmet products are hand-crafted in small batches of deliciousness!

We believe that unforgettable food begins with exceptional ingredients, which is why we've built our recipes around sourcing the finest from the Great Lakes region and across the United States.

In 2017, we were thrilled to welcome Michigan-based Brownwood Farms into our family—a brand that has been cherished for decades for its farm-stand quality and unique, vibrant flavors. From the start, our mission has been to preserve what people love about Brownwood Farms while infusing it with our heritage recipes, creative energy, and, of course, a lot of heart.

Every product in the Brownwood Farms line is crafted with great care, attention to detail, and integrity. Whether it's our Famous Kream® Mustard, tangy BBQ sauces, rich pasta sauces, flavorful salad dressings, or our Michigan fruit spreads, each jar is brimming with wholesome, natural flavors that celebrate simplicity and authenticity.

We're incredibly proud of how far the line has come, including the introduction of new offerings like our zingy Pineapple Mango BBQ sauce. Still, we remain mindful and grounded in our

commitment to our core values: starting with the best ingredients, honoring tradition, and crafting extraordinary flavors.

Food connects us all. For us, it's not just about making wonderful sauces and condiments; it's about inspiring moments, celebrations, memories, and experiences that unite communities over a shared meal.

As we look ahead, we are excited to keep creating new recipes that will continue to foster connection. Explore our full line and discover your new favorite. Made in small batches, made with care, and made right here in the USA—just for you.
